Plastics In The Transportation Industry

There is a huge market in the Transportation Marketplace. Whether it is trucking, mass transportation or automotive we have many opportunities in this market.

Areas to Sell:

- Truck Liners
- Seats
- Tandem Axle Slide Pads
- Snow Plow Mold Boards
- Rail Car Liners
- Salt Spreader Parts
- Fifth Wheel Liners
- Truck Kick Plates
- Ship & Truck Dock Bumpers
- Dash & Interior Truck, Bus & Rail Car Parts
- Tractor Hitch Parts
- Rail Car Coupler Systems

Materials to Sell:

- UHMW
- Nylon
- Kydex
- Acetal

Advantages to Sell:

- Low Coefficient of Friction
- Good Abrasion Resistance
- Non-Stick
- Good Stiffness & Formability
- Good Impact Resistance
- Low Maintenance
- Self Lubrication
- Good Cold Weather Performance

Where to Sell:

- Rail Car Builders
- Truck Fleet Managers
- Semi-Trailer Builders
- Truck & Bus Builders
- RV Manufacturers
- Ship Builders & Rebuilders
- Truck & Bus Seat Manufacturers
- Snow Plow Manufacturers
- Truck Cab Manufacturers
- Dump Truck Contract Carriers

The opportunities in the Transportation Industry continue to grow. Contact the industry manufacturers
